

2006 Estate Syrah

Tasting Notes

Our Estate Syrah is grown right in front of the winery here in Beautiful Calistoga. A big, bold and voluptuous wine that is juicy, intense, and gratuitously seductive. Intense flavors of blackberry jam, with a supporting cast of blueberry and cassis that is decadent from the first taste to its persistent and lengthy finish. Luscious mouth feel and an assault to the senses this is a big Syrah for the big Syrah lover.
